# SKB - Research Library (Documents)

These are documents collecting items (data) from my research library. The items can be found in the [data](#) directory of this repository. Compiled versions are available on the [skb-web](#) (*HTML* integrated in the site, standalone *HTML*, standalone *PDF*) and on my website [vandermeer.de](#) (*HTML* integrated in the site).

The main collections are the overall library, my own publications, and my research notes.
